

Las Palomas BEACH & GOLF RESORT

The Las Palomas Beach & Golf Resort is one of the newest treasures in Rocky Point. Newly opened, the resort features contemporary architecture and décor mixed with the traditional flavor of this charming seaside destination.

The Las Palomas offers some of the finest accommodations in Rocky Point. Indulge yourself in a one, two or three bedroom condo individually decorated with the finest furnishings. Each condo features keyless entry, satellite television, DVD players, high-speed internet connection and fully equipped kitchen and laundry facilities. Each of these Rocky Point condos also has a patio or balcony with spectacular ocean views.

If resort vacationing is more your flavor, the Las Palomas can deliver. The resort has a breathtaking negative-edge pool that overlooks the Sea of Cortez. You can relax in that or one of two other pools on the resort grounds or float along the lazy river. The kids will have a blast zipping down the waterslides while the adults enjoy a fruity cocktail at the swim-up bars.

You can take a quick jaunt into town to explore the magic of Old Port, or book a nearby excursion for some whale watching, snorkeling, scuba diving or dining on a sunset cruise. Yet, you may never need to leave the resort.

Besides the fabulous pools, guests can enjoy poolside massage services, dining or drinking at the on-site restaurant and bar or playing in the ocean along the cleanest beach in Rocky Point – Sandy Beach.

For the golf enthusiasts, The Links course is a golfer's delight. Designed by Forrest Richardson and the late Jack Snyder, it features an 18-hole, 72 par links course that winds through the desert and along beautiful Sandy Beach.
